

## 16. ACKNOWLEDGMENTS

There are two members of the Laboratory's support staff who deserve special recognition for their contributions to this report. Patty Golden assisted in a variety of ways too numerous to mention. Natalie Thompson worked steadily through the year to prepare the list of refereed publications. We would also like to acknowledge Dr. Mitchell K. Hobish for his efforts in editing and producing the text.

Laura Rumburg of Code 910.3 assembled and produced this electronic version of the report which serves as the Laboratory's home page.

The logo was designed by Barbara Summey of [Code 935](#) to reflect the overall mission of our Laboratory.
